PREDICTS ALLIANCE RUSSIA AND JAPAN

Russia Statesman Makes Sensational Statement Regarding Speedy Termination of the Present War.

Statements that the Japanese army is concentrating upon the flanks of the Russian forces at Mukden are met at the Russian war office with expressions of incredulity. It is the opinion at St. Petersburg that a lesson likely to be severe must elapse before Oyama can get his army, which was so severely tried in the battle of Liao-yang in condition to undertake a forward movement.

London, Sept. 17.—The Daily Telegraph's St. Petersburg correspondent declares that a Russian statesman whose name it revealed, would over the signature [illegible] Friday that it was the ideal of the Japanese government [illegible] was his impression that the war might end sooner than people imagined, not through mediation but through mutual recognition of the ruinous nature of the conflict, which would lead to negotiations that would result in a Russo-Japanese alliance. He contended, the correspondent says, [illegible] although Russia is in the end v[illegible] yet [illegible] enough to place an insurmountable barrier upon Russia. Russia, therefore, was confronted with the certainty of either Japanese rule, purchased by ruinous subsidies, or of a treaty, or cordial friendship, followed in the fullness of time by that offensive [illegible]

[illegible] over the signature [illegible] Friday that it was the ideal of the Japanese government [illegible]

RUSSIA YIELDS ON CONTRABAND OF WAR

London, Sept. 17.—The foreign office has received a dispatch from Ambassador Lascelles at St. Petersburg giving Russia's reply to the representations on the question of contraband of war. While declining to discuss an opinion, it is understood that the foreign office has received entirely satisfactory assurances that the commanders are acting in accordance with the declaration of Great Britain.

It is said at the foreign office that while anything like a crisis was averted by the reply, it does not close the matter controversially, and further discussion will probably ensue. Foreign Secretary Lansdowne and Premier Balfour are both absent, but the Charge d'Affaires dispatch was forwarded to them and pending their action, nothing is available at the foreign office beyond a general expression of opinion that the reply goes a long way towards settling the question as to what in the future may be properly regarded as contraband of war, distinctly placing there the category of articles mentioned in the British note.

According to the British view, there are still other certain questions of principle, but it is believed that these will be arranged in the course of further negotiations.

[illegible] St. Petersburg [illegible] Admiral Dubassoff's reasons to Admiral Enquist's request for the release of the British steamer Knight Commander, which was detained by the Russian volunteer fleet cruiser Smolensk, on the charge of having contraband of war on board, are considered satisfactory.

TURMOIL IN TELLER COUNTY CONVENTION

Democrats Spent a Day of Wrangling Between Conservatives and Radicals---Abuse and Denunciation.

Special to the Gazette.

Cripple Creek, Sept. 17.—The Democratic convention was called to order at 10:15 this morning and from that time until adjournment there was nothing but fighting, epithets and the sledgehammering of parliamentary rules. Never in any time could harmony be secured. Late in the day the submerged leaders of small cliques lined their followings up into two main factions and from then on it was the conservative Democrats against the radical ones who are supporters of the Western Federation of Miners.

SPRINGER'S REITERATION

He Repeats His Charge That Evans Brought About Dismissal of Election Contests

Denver, Sept. 16.—John W. Springer this afternoon issued the following statement in reply to the [illegible] G. Evans of certain statements which Mr. Springer made before the Republican convention on Wednesday:

"To the Press of Denver:

"I will state, with reference to the statement of William G. Evans, which appeared in the morning papers, that I was not present at the meeting of the committee on contests, and that I was not informed that any such meeting was to be held. I was informed by Mr. Fred Williams, the chairman of the committee, that the committee had met and that Mr. Evans, in the presence of the other two gentlemen, authorized Mr. Fred Moffatt, cashier, etc., to [illegible] check up to $9,000 if they [illegible] ultimatum' to our people and I suggested emphatically that if we had the [illegible] preparations of Denver [illegible] drop our [illegible] before and more expenses were incurred.

"Mr. Graham spoke up and said [illegible] that they would [illegible] Evans' check [illegible] ultimatum. I, therefore, signed the order of dismissal and the other candidates did the same. After the order was signed by Mr. William G. Evans, Mr. Fred Williams and Mr. George Hoskins went to the First National bank and Mr. Evans, in the presence of the other two gentlemen, authorized Mr. Fred Moffatt, cashier, etc., to [illegible] check up to $9,000 if they [illegible] Fred Williams, the present chairman of the city and county Republican central committee and it was so done and the cause [illegible] the proceedings to the agreement made by George Graham.

"I [illegible] the matter with the right thinking, truest Denver citizens and they can draw their own conclusions as to whether George Graham, transfer employe, was authorized to represent William G. Evans, the president of the Tramway company. The candidates certainly all believe and still believe that he was.

"Respectfully submitted,

"John W. Springer."

INDEPENDENCE RELIEF FUND

VOUCHERS RANGING FROM $400 TO $1,100 SENT TO DEPENDENTS OF THE DEAD AND HOPELESSLY INJURED.

Special to the Gazette.

Cripple Creek, Sept. 16.—Today the final report of the disbursing committee was made and vouchers for the money started was sent out to the victims of the Independence explosion and the Victor riot of June 6. There were just 42 of them to be helped [illegible] the dependents and those retained for life in the explosion. Each family received a sum of money ranging from $400 to $1,100.

This is the way the committee thought best to apportion the allowance of the fund. Circumstances as to the number of dependents and the age were taken into consideration in apportioning the fund which totaled $14,000, leaving a balance of $700 in the treasury, this balance to be held six weeks pending further efforts to locate relatives of John C. Davis, Arthur Mathiesen and Gus Augustine.

It has been impossible for the committee to obtain any information of the relatives of the above three men. By the distribution of the funds a number of families were today made happy and some of them were in dire want of the necessities of life.

"KID" LECKEY IS WILLING TO GO

DEPORTED MINER WHO RETURNED TO CRIPPLE CREEK THINKS THAT NEVADA OFFERS BETTER OPPORTUNITIES.

Special to the Gazette.

Cripple Creek, Sept. 16.—"Kid" Leckey, the deported miner who returned to the district yesterday, armed to the teeth, will be given an opportunity to leave the district peaceably. He stated this morning that he and his wife would go to Goldfield Nev., and [illegible] provide an [illegible] for him and his wife.

Leckey was taken before a justice of the peace this morning for the purpose of [illegible] bail for his keeping on the charge of carrying concealed weapons. In the meantime the sheriff was informed that it would not be safe for Leckey to be sent to [illegible] and it was decided to retain him in the county jail, where he has been placed in the custody of the jailer until some disposition can be made of the case.

TURMOIL IN TELLER COUNTY CONVENTION

(Continued from Page 1.)

committee has spent three hours in the selection of the delegates and he was sure that they would vote the Democratic ticket which he took as implying that there was a member there who would not.

Mr. Hennessy then gulped the floor and gave his reason for wishing the two members of the delegation because they had been very active in the operations of Democrats. Mr. Francis acted as one of the deposing board. "We have had two of their kind in sheriff Bell and Nelson Francis, who are now prime movers in the Republican committee."

Speer's Sensational Speech.

Judge Frost then addressed the convention saying in part:

"I have my claims of what constitutes law and order. The name of Peabody today stands for anarchy." He followed this by heaping abuse on Governor Peabody and Mr. French, calling the latter a traitor to the party. (At this a member of the delegation shouted). "If you want to send traitors to the state convention send French and Hazen, the men who have exiled Democrats for the last year. I know [illegible] Denver with the leaders a great deal of late." At this one delegate spoke up and said: "Ten, Judge Frost, you have been in Denver a good deal lately and it was the best thing for you." "I know what kind of Democrats they are," continued Judge Frost, now we all know what kind of law and order they stand for, and we have seen them trample on the constitution."

Resolutions Adopted.

Mr. Tully Scott followed with a short speech stating that he positively refused to serve on any more committees as the resolutions had been submitted by Judge Frost.

"When the name of Mr. Bell becomes [illegible] I want to tell [illegible] all of you that Mr. Bell who has come out and given his [illegible] be made at all today. The latter resolution predominated and the report was practically turned down and another made up and carried after quarreling for over an hour.

The next piece of business was the [illegible] The Hon. Tully Scott, chairman of the committee, reading the resolutions which received a hot way improvement by the delegates. The resolutions were not published because they were not specific enough in denouncing the Republican party, and upholding the Western Federation of Miners. However, they were adopted and another recess taken.

The Resolutions.

The only [illegible] part of the resolutions was the following:

"We favor the right of every honest man to earn his bread in the sweat of his face unmolested and unmolested.

"We regret and denounce with shame the acts of violence which have been perpetrated in our midst, by whomsoever committed and stand pledged to restore order in unmolested community and to assist to every law-abiding [illegible] and [illegible].

"And That Alone Was Tenable.

On motion of the committee on [illegible] Joe Quirk, chairman of the committee on the selection of delegates to the general convention, [illegible] report was received to be the rule on the [illegible] The [illegible] Hall, F. D. French, [illegible] of Victor, and J. H. Warren, of Goldfield, had been elected to the state and congressional conventions. A motion was made by J. Hennessy to strike the two names from the list, while W. Simpson offered another complete list as a substitute. After counting the [illegible] of strength of the two factions after the [illegible] had been [illegible] the latter was declared elected.

MR. BRYAN'S MISTAKEN JUDGEMENT.

MR. BRYAN is always at his best when offering criticism of someone else. He told his Denver audience that reforms the Democrats would expect if they were in power. But the fact of the matter is that the Democrats would be quite likely to do as they have done in previous administrations. The people of the country have shown that they have had enough of Democratic ideas and administrations. They have shown that there would be [illegible] reform and McKinleyism.

The best he can do for Judge Parker is to say that if he is elected the country will have peace the four years. That may be true but it is not the kind of peace that the people want. Democratic peace is of the kind that keeps the factories and the mills in shutdown, quiet—the sound of the hammer and the saw is small, and the wheels of industry begin to revolve and silence others over the land.

Of course Bryan and the rest of the Democratic orators would insist it would be a peace with prosperity, but the people of the country have had enough experience with Democratic government in Colorado.

It would be interesting to know just what Mr. Bryan and the other Democratic spokesmen mean by "criminal trusts and corporations." Here in Colorado the property and the combinations of the wrongdoers were quite similar to the business interests of the state and that party controlled here is what he had done. Mr. Boss F. Walsh, the president of the Democratic state convention and other Democratic leaders of influence and ability have opposite of the supreme court of the state.

So, too, when Mr. Bryan and the other candidates of the party talk about overriding the constitution they are [illegible] with the views of the highest court under the state—under the authority of Colorado and the people know it. There is no reason for the [illegible] record of a leader of the type of William J. Bryan.

LARGEST LODGE OF TEMPLARS IN WORLD

The Pittsburg Commandery No 1 Arrived Last Night---Philadelphia and Other Big Parties Are Also Here Sightseeing.

Pittsburg commandery No. 1, the largest commandery of Knights Templars in the world, arrived in Colorado Springs about midnight, but only Thursday was due to be known in the commandery. The big special of Pullman sleepers had over a day late on its eastern schedule, the heavy electric engine which the Southern Pacific road is responsible for the delay.

Before noon the men have caused the various commanderies of Knights Templars on their behalf to arrange a number of automobile rides, principally through the parks of this city. There will be four more specials of from 8 to 10 cars each, the expected to arrive this morning.

THE OUTLOOK ENCOURAGING

DUN AND BRADSTREET'S REPORT FEATURED BY FAVORABLE MINING CONDITIONS THROUGHOUT.

New York, Sept. 17.—R. G. Dun & Co.'s weekly review of trade says in part:

Unusually favorable weather conditions have prevailed throughout the country during the week and the only little effect on business was caused by the storm which gave a check to shipping for a short time. Reports of the crops continue favorable and millinery and clothing active in placing orders, and other staple lines also feel the effect of gradually expanding confidence. Even if the official crop estimates of September 1 have to be moderately reduced because of bad weather since the date there is full compensation in advanced prices and the strength of securities indicates the faith of the world.

Resumption at Work.

Many mills and factories have resumed because of new orders or because of hope that they will soon be received. Some of the iron furnaces have started, and the output of pig iron is increasing, but the demand for finished products is not yet sufficient to keep all the mills busy. Structural steel is in active demand, and the new business of the week is reported as much larger than a year ago. Railway earnings reflect a steady increase, and the gain over last year is now 6.4 per cent, while over 1902 it is 17.5 per cent. Failures for the week have been 238 in the United States against 212 last year and 26 in Canada against 32 last year.

Bradstreet's says:

Reports from the chief cities show that the volume of business is steadily increasing, and that the fall season is now in full swing. Retail trade is active, and wholesale trade is also showing a marked improvement. Collections are fairly satisfactory, and the money market is easy. Speculation is dull, but prices are firm. Failures for the week number 189 in the United States, against 207 last week, 212 in the same week last year, 182 in 1902, 205 in 1901, and 165 in 1900. In Canada they number 26, against 32 last week, 27 in the same week last year, 23 in 1902, 21 in 1901, and 20 in 1900.

IRREGULAR SESSION IN WALL STREET

FOR A TIME THE MARKET APPEARED TO BE ABANDONED TO LIQUIDATION, BUT CLOSE WAS ABOVE THURSDAY'S LEVEL.

New York, Sept. 16.—Early efforts to support prices of certain heavy stocks to prove futile and there was a time when the market seemed to be abandoned to liquidation. But the selling movement apparently exhausted itself and encouraged the friends of higher prices to renew their support. The recovery was not effected without considerable struggle, however, and the professional element was inclined to take profits on the rally. Some of the stocks which suffered most severely in the early depression, notably Amalgamated Copper, failed to share in the recovery and continued to sell at about the prices of yesterday's closing.

The closing was irregular but above last night's level.

Money was irregular. Total sales, par value, $1,670,000.

FRUIT CROP HARD TO BEAT

Apples, Pears, Peaches and Plums Are Superfine—Vegetables Doing Well—Harvesting Over.

Denver, Colo., Sept. 16.—Over the western slope the horticulture has been above normal every day, the growers, employes about a demand in the southern counties during there was a delivery on the evening and closing days, the evening being slightly below normal; in the north-central counties the temperature has averaged almost 5 degrees above the normal. There was a marked change of temperature over the entire state on the 4th, 5th and 6th and a corresponding, satisfactory fall on the closing days. Light showers have occurred in the north-central district and along the divide; elsewhere no rain has fallen, so far as shown by the reports. While harvesting and shipping is under full headway, it is practically finished; threshing is under way, with generally satisfactory yields of all grains except spring wheat; a good crop of native hay has been secured; the second cutting of alfalfa has nearly all been harvested, and the third crop is making good growth. [illegible] are now ripening in the southern counties; cutting of beets and harvesting corn is in progress. Beets are everywhere reported excellent, the acreage of which greatly exceeds in the north-central counties having passed last night's estimate. Late potatoes are doing well and will be a good crop; apples, peaches, plums and pears are of good quality, the crops of apples, peaches, plums and pears are being marketed and the harvesting of late fruit, especially apples, were never better, or more plentiful and of excellent quality. Grapes are ripening and [illegible] are ripening and [illegible] but are plentiful and of excellent quality.

AMUSEMENTS

"UNDER THE DERBY ROOT."

"Under Tenderfoot" will be seen at the Opera House next Wednesday evening. That good while needs no boost is a true saying and in the case of "Under Tenderfoot" the new successful operatic comedy, to receive its first production in this city, has only been put before the public after years of preparation and the employment of the best talent in the country. Dazzling costumes, handsome scenery and elaborate stage settings, with a story direct and unconventional in atmosphere and refreshingly free of the well conventionalized end to all conventional events. Strenuous dandy specialties, dances and a refreshing of eastern college girls, are some salient features that spell success to the management. Seat sale opens Monday morning at the box office.

Manager Stone has secured a good show for the Manitou Pavilion tonight. The program is made up of a collection of musically brilliant and talented persons, beautiful numbers which are now deservedly popular. The present company is made up of that which is playing the Metropolitan roof.

THEY SAW A FIRE.

The Empire was crowded again last night, and the audience enjoyed all of the fine performances and were thoroughly delighted with every act. Tonight will probably beat the record for the new house.

Master Charles Evans is the equal of anything in the line of a child singer that has been heard here and is an excellent dancer.

James Berry is one of the best ring announcers that has appeared in the Empire. Whenever on the bills, Mr. Berry and Howard are considerable funny. The latter has several pictures that are splendid.

AN ACTIVE CLASS SPIRIT

ACTIVITY IN MATTERS AND OF CAMPUS ONE OF THE HAPPY SIGNS OF A PROSPEROUS YEAR AT THE BIG INSTITUTION.

Pearson Literary society held its opening meeting and reception to new men in the college last night. President Hall's inaugural address was followed by a violin duet by Nash and Beyer. Hinckley gave a selection reading and Gibson a recitation. Shaw and Colbert rendered a vocal duet. Colbert gave a reading and the quartet closed the literary program with music. Following this the meeting took the shape of an informal reception to new men and refreshments were served.

The girls of the Minerva society met for the first time this fall yesterday afternoon and listened to the program which had been prepared for the opening meeting, the general topic being "Pike's Peak." Miss Churchill spoke the address of welcome. "A Modern Olympus" was the subject discussed by Miss Beach, who was followed by Miss E. Curtis on "Pike's Peak." Miss Barnes told of "Friends of the Pioneers," Miss Davis of "Seeing Colorado Springs." Miss Storey rendered a vocal solo. Quotations were from Helen Hunt.

The freshman class has effected a temporary organization with [illegible] president and Miss Ethel Rice secretary. The first class party will be held next Saturday night.

EMMET DUNCAN HAS DISAPPEARED AND POLICE HAVE BEEN ASKED TO LOOK FOR HIM —BELIEVED TO BE IN DENVER.

The juvenile officer, the sheriff's office and the police were peddled yesterday to hunt for a 9-year-old boy who has disappeared from his home.

The boy is Emmet Duncan and he has been residing with the Mackey family at Cheyenne and Institute streets. Yesterday morning he was sent out to herd some turkeys and was not seen again during the day. A playmate overheard him say the other day that he would like to go to Denver and it is possible that he has started in that direction.

He was tall and slender for his age, was clad in black knee pants and black checkered gingham blouse, wore a light felt hat and wears new black lace shoes. He has a scar on his upper lip.

RECEPTION TO PRINCIPAL

CLASS SPIRIT AT HIGH SCHOOL IS VERY MUCH IN EVIDENCE. NEWS NOTES OF INTEREST TO TO STUDENTS.

The opening reception of the year in high school circles given in honor of the new principal, J. R. Richards, and his wife and the faculty, by the senior class, was a success in every way. The affair was held at the home of President Carl Blackman of North Wood avenue, last night, and was attended by about 80, including nearly all of the faculty and of the class. The rooms were decorated in the flowers of the class colors, purple and gold, giving a striking and pleasing effect.

Miss Melville St. John rendered a reading which was [illegible] Erskine Mellroy delivered an entertaining recitation, and Leland Pollock, brother of the class president, Miss Mellen Sherman gave an excellent vocal solo and Prof. Walker gave a beautiful cornet solo. Mrs. William Burke and Miss Mona Neilson completed the evening's program with delightful recitations. Refreshments of ice cream and cake were served.

The officers of the class received [illegible] are Carl Blackman, Miss Melville St. John, Frank Smith and Sam Kitchen.

At a meeting of the junior class of the high school last week, George Frisch was elected president for the coming school year. Glenn Shaw was the choice for vice president; Miss Floy Estill, secretary-treasurer; Joe Morrison, sergeant-at-arms, and Jennie Pinckney, Lever correspondent.

The September issue of the Lever will be out a week from Wednesday.

The senior geology class took its first excursion of the year under [illegible] Jordan, to Red Rock canon last Tuesday afternoon.

Miss Merle Wilson has been elected correspondent to the Lever from the senior class.

The K. O. D. club will give a hay-ride next Friday night.

The Adelphi Literary society held a short session at the call of President Kirkwood last week to plan for the year's work. The first literary meeting will be held next Friday night, when an [illegible] program, prepared by Vice President Rene Mitchell, will be given. The Adelphi is the boys' literary society of the school.

The sophomore class held a meeting this week to arouse a spirit of enthusiasm and interest in the athletics of the school, and the class will give splendid support to the association. Officers will be elected next week.

The [illegible] society [illegible] will hold meetings during the next week to get the work of the year in shape and to outline the general plan for the year. The three chapters have [illegible] and are getting to work [illegible] new members. Literary programs in the various chapters will begin in a short time.

The senior class is organizing a football team, and expects to begin practicing early in the season, and then to challenge the other classes of the school to meet it in contest on the gridiron. The class has five or six candidates out for the first team and expects to have a strong class eleven.

SECRETARY DAY RECEIVES CHECK

PHILADELPHIA LAWYER DONATES $25 TO Y. M. C. A. IN RETURN FOR COURTESIES HE ENJOYED WHILE HERE.

Secretary H. R. Day of the Y. M. C. A. was yesterday in receipt of a letter that came as a particularly pleasing surprise, containing as it did, a check for $25 drawn in favor of the association. The letter was from Mr. Alex Simpson, Jr., of the law firm of Simpson & Brown, of Philadelphia, and stated that he and his wife had enjoyed the entertainment while visiting here. Not knowing what the check would provide for he sent it to the association.

RACE IS AGAIN EXCITING

GAME AT ST. JOSEPH SNAPPILY PLAYED—VILLEMAN IN EXCELLENT FORM AND GAVE ONLY THREE HITS.

Special to the Gazette.

St. Joseph, Sept. 15.—St. Joseph's ultimate defeat, coupled with Villeman's success and victory gained by the Millers, gives the fans that Denver [illegible] a merry fight from now on, and it looks as if the pennant belonged to either of the Western teams.

Today's game was snappily played and although several errors occurred on both teams players brilliant ball. Villeman was in excellent form and gave the home team only three hits, but the visitors found the rubber. Score:

GARDINER AND FLYNN FOUGHT TEN ROUND DRAW

Pueblo Boy Surprised Even His Most Ardent Friends by His Showing—Clean and Fast Fighting From the Start.

Denver, Sept. 15.—George Gardiner, of Lowell, Mass., former light-heavyweight champion, and Jim Flynn, the Pueblo middleweight, fought to ten rounds to a draw at the Denver Athletic club tonight. Fifteen hundred people witnessed the contest.

JIM FLYNN, of Pueblo.

While the [illegible] there were no knock-downs and the only blood drawn was a slight abrasion on Flynn's face. The Pueblo boy surprised even his most ardent friends by his showing. He displayed but little cleverness with the five ounce gloves of the art, but proved that it required a hard-er punch than Gardiner possessed to seriously damage him, to say nothing of putting him out.

Only once was Flynn distressed by a blow from his opponent and that was in the eighth round, when Gardiner sent in a straight right to the region of the heart. Flynn was being driven by the impact across the ring and the shock caused him to stop and gasp for breath. Had Gardiner been able to follow up his advantage the result might have been different. But Flynn was shaking it off enough to cover up and rush into a clinch, thereby enabling himself to regain wind and strength. The advice of his seconds in every opening at long range was to stay at close quarters. Flynn got his punches in at the [illegible] and took his chances of the punishment. The fast rattling at close range on both the fighters and each drew cheers of delight. Flynn was more culpable in this particular, however, and was cautioned by the referee several times. Yet the Pueblo boy proved conclusively that he was willing and ready to fight as his slam-bang style from gong to gong.

In the in-fighting both men devoted their energy to upper-cutting and Flynn landed some vicious blows. For the most part, however, Gardiner kept himself pretty well covered and blows that did reach him had no approach-effect upon his strength. Gardiner was cool [illegible] keeps the fighting [illegible] lacked the steam they formerly possessed. Flynn has a wicked swing [illegible] his right arm is [illegible] to receive, but by [illegible] to mix with Gardiner pleased the crowd and the decision was popular. Charles Collins, "Sherry" Adams and Frank Newhouse were in Flynn's corner and Jockey Maynard, Tommy Ryan, Billy Ryan and Tom Ritchie seconded Gardiner. Frank Patrick J. Gallagher, athletic director of the club, acted as referee.

A six-round go for the 118-pound [illegible] between Jimmy Mulligan and "Young" Erlenborn, both of Denver, was the feature of the preliminaries. It was give and take throughout and decided a draw.

Jockey Maynard easily disposed of Jack Wade in one round.

Pueblo, Sept. 15.—Kid Texas, of Pueblo, won the bantamweight championship of Colorado tonight by knocking out Kid Ritter, of Denver, in the fifth round, of a 20-round go.

TIGERS AND TERRORS WILL MEET ON GRIDIRON TODAY

The college Tigers and High school Terrors will meet for a short practice scrimmage this afternoon at 3 o'clock on Washburn field. The game will not be in the nature of a regular game, but will be more for some good practice in passing and [illegible]. Coach Richards and Coach Juneau will both be on the field to coach their teams, and most of the candidates will be given a try-out. There will be no intercollegiate changes. A regular practice game between the two schools will be held next Saturday.

Twenty-nine men have been issued suits [illegible] by Manager Willis Hester of the college and two teams played every night. Warren Currier, who has played end on the Greeley High school team, put on a suit last night and reported for practice. He weighs 140 pounds. Fred Willis, the smallest man, weighing 130.

At the High school the latest man to report and come out for practice is Lewis McCune, the 150-pounder fullback, who played on last year's team part of the time. McCune is not only a heavy acquisition, but is something of a sprinter and punter.

COLLEGE TIGERS MAKING DATE TO PLAY SALT LAKE TEAM

Colorado college may play the University of Utah this season.

Negotiations to that effect are now being carried on between Manager Willis E. Hester and Manager Byron G. Jones, Jr., of Utah, with [illegible] and will be completed. Manager Hester wrote last week to the Utah manager, asking for terms, and the reply day Utah sent a letter to him. The letter passed in the mails, and Hester received an offer from the Salt Lake college offering to bring the Tigers west this year, in consideration of which they should play here next season. The latter has been answered, and if everything can be arranged satisfactorily, the Tigers will play their first [illegible] of the year with the University of Utah next season. Arrangements are now going with Pomona college of Claremont, Cal., are well under way, but nothing definite has been decided.

If the Utah game is arranged for Thanksgiving day, some post-season game will probably be decided upon.

LEAGUE FOOTBALL WILL BE PLAYED BY HIGH SCHOOLS

That arrangements for the northern [illegible] of the Colorado Interscholastic Football league will be brought near completion at a meeting of [illegible] Monday evening, is the belief of Chief Executive Officer Bernard of Cripple Creek and Secretary Ellis of Pueblo, who [illegible] Denver last night. Secretary Ellis received letters from both Chairman Bernard and Secretary Hall of the Cripple Creek high school, stating that they would be present at the meeting, and the local high school.

Manager Stevens and Manager Frank Root of the [illegible] will probably arrange with the [illegible] and Cripple Creek high schools to meet the two Pueblo managers before the state meeting and get their plans formulated, before going to Denver. It is understood that Cripple Creek and Victor will also endeavor at joining the state league.

The secretary's new rules are declaring [illegible] who played first team last season on the football eleven, and who has played one year at least on the Central High school of St. Louis, will be out next week.
